

Skywarn / CoCoRaHS Training

Liberty Center (1829 Sam Houston, Liberty, TX)
Saturday, October 26, 2019 9:30-2 pm

WANTED!

Volunteers of all Ages to Help Scientists Study Storms

The National Weather Service will present on how to identify severe thunderstorms and tornadoes, and how to relay reports to the NWS. **Skywarn Spotter** reports are critical for accurate warnings. The NWS will review recent local tornado events and talk about weather and tornado safety. The training is free and open to the public. For more info contact Bonnie Campisi, Lower Trinity Basin Master Naturalist Chapter 409-267-7119. Presentation to be from 9:30 am to Noon.

Measure precipitation in your own backyard with The **Community Collaborative Rain, Hail and Snow Network (CoCoRaHS)** needs you! Everyone can participate, both young, old, and in-between. The only requirements are an enthusiasm for watching and reporting weather conditions and a desire to learn more about how weather can affect and impact our lives. Presentation to begin at 1 pm
