RE: VOLUNTARY EVACUATION FOR PARTS OF THE CITY OF LIBERTY

The City of Liberty is putting out a Voluntary Evacuation for Travis Park, Oak Forest and South Liberty Oilfield. We have had 28+ inches in the past 48 hours. The 4 pumps have been operating at capacity since Saturday morning.

City Employees will be available in assisting those who need help in leaving their homes. Exiting Travis Park Subdivision will be by way of the levee road, if passable, for individuals choosing to drive their vehicles out of the subdivision.

Stay tuned (Radio, City of Liberty Website, Nixle) for more details and further information.

Local shelters are at First Baptist Church & North Main Baptist Church.

More rain is expected to fall in the next two days.

City will provide assistance as requested. The number to call is 936-336-3684.
